NUMBER IN ATTENDANCE: 16

AGENDA ITEMS:
1. CoC Board Report
   ○ The CoC Board Report for the month of October was shared with the committee. In comparison to the previous month, households w/o children waiting for housing has decreased and CES inflow for households w/o children has increased. Average days on PL continues to fluctuate, and stayers with increased income continues to be an area for concern.

2. Sheltered Dashboard Update
   ○ The interactive Sheltered Dashboard created on Tableau was presented to the committee. The dashboard has been updated to reflect data at the SPA level instead of city level to encourage collaborations with SPAs. It was recommended that the dashboard be shared with the shelter committee for feedback. The dashboard will also be shared at the upcoming CoC Board Retreat to discuss its publication date.

3. Family Coordinated Entry System Update
   ○ Instead of completing the data migration through Clarity, the CoC has decided to complete manual data entry into HMIS. All data entry should be completed by 11/8/2018. It was recommended that clients with a high acuity score and sheltered clients be entered first. After the data entry is completed, housing agencies will enter their housing opportunities into HMIS. 211OC will be releasing training for CES within the next couple of days.
   ○ Requests for technical support for FCES should now be entered through the HMIS Help Desk rather than the CES Helpdesk.
4. Rapid Re-housing Project Performance Report

- The schedule and reporting periods for the project performance analysis was shared on slide 6. The next project type to be reviewed is Transitional Housing in January 2019.
- The data committee reviewed each measure in the Rapid Rehousing Project Performance Reports and discussed thresholds and strategies to improve performance. Slides 7-14 contain descriptions for each data measure used in the analysis.
  - Following the meeting, 211OC will email each agency their client level performance data with instructions on how to correct the data, as well as feedback from the group on strategies to improve performance.

2. December Meeting

  - The December meeting has been cancelled.

MEETING DATE: November 28, 2018

NUMBER IN ATTENDANCE: 15 members, 3 guests

AGENDA ITEMS:

1. Community Awareness & Engagement Subcommittee
2. Data & Housing Demand Subcommittee
3. Development Subcommittee
4. Landlord Engagement Subcommittee

PRESENTATIONS: None

ACTION ITEMS/NEXT STEPS:

NEEDED CoC BOARD ACTION:
1. Recommend Continuum of Care Board work with Orange County United Way to create a Community Engagement strategy to develop an ongoing homeless housing educational campaign to include uniform terminology.

2. Recommend Housing Committee work with United to End Homelessness (U2EH) campaign to develop a data research project on property values and crime data and community impact.

3. Request Commission to End Homelessness to direct a consultant be retained to identify best practices to align public development processes to accelerate affordable housing development.

Next Meeting: January 25th
AGENDA ITEMS:

1. Welcome
   - Introductions from everyone in attendance

2. Point In Time – Sheltered Count (Susan Price, Zulima Lundy, Erin DeRycke)
   - The 2019 Sheltered Point In Time Count will take place the night of Tuesday, January 22, 2019, with the 2019 Unsheltered Point In Time Count taking place over two days on Wednesday, January 23 and Thursday, January 24, 2019.
   - Susan Price shared information regarding the new methodology for the 2019 Point In Time (PIT) Count.
   - The new method for collecting the unsheltered data will include the use of ARC GIS technology, for smart mapping and data accessibility.
   - New questions have also been added to the HMIS enrollment process based on changing needs.
   - A handout with the questions that can be anticipated for the PIT Count was handed out for those in attendance to preview (County of Orange Sheltered PIT Count: Instructions for Client-Level Data Collection).
   - The information that is collected during the sheltered PIT Count will be collected by 211OC. Once all information is reviewed and confirmed as accurate, it will be submitted to HUD.
   - This PIT Count is the perfect opportunity for the community to be well informed of the situation and for educational purposes on the matter. All providers and additional volunteers are encouraged to participate.
   - The trainings and webinars will be vital for all of the information that is needed in order to conduct the PIT.
   - Instructions may be handed out ahead of time for larger shelters to be able to submit their part on time.
   - If there are any updates to shelter contact list please inform the CoC Manager and 211/HMIS.

3. Survey Update (Juanita, Mia and Connor)
Attendees received the opportunity to review the shelter survey and to assist in contributing to the survey questions in order to identify where there are gaps in the resources available to the communities we serve.

Connor Stephenson with Friendship Shelter has taken the suggestions and will edit the survey.

Will postpone the shelter survey launch date to allow for PIT count/data collection. Most likely end of January/early February.

The Orange County Continuum of Care is required to follow the guidelines of the Brown Act

The Brown Act applies to the legislative bodies of local agencies in the State of California. A legislative body includes the “governing body of a local agency or any other local body created by state or federal statute.” The Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act is a federal statute that requires the creation of a Continuum of Care (CoC) governance structure in every community that receives U.S. Department of Housing and Urban Development (HUD) Continuum of Care funding.

Within this governance structure, a Governance Board must be created to act on the CoC’s behalf in order to provide oversight and direction. This Governance Board may appoint additional committees or workgroups to fulfill its responsibilities. Finally, the CoC must develop a governance charter to describe the Board responsibilities and document all groups created to support the CoC and each group’s responsibilities.

The HEARTH Act serves as the statutory authority used to establish the Orange County CoC Board and its committees as stipulated in the Orange Count CoC Governance Charter. Because the Orange County CoC operates in the State of California, it is required to follow the guidelines of the Brown Act.

CoC Meeting Requirements

Every regular meeting of the Continuum of Care (CoC) including advisory committees, commissions, or boards, as well as standing committees of legislative bodies are subject to the notice and posting requirements of the Brown Act. Therefore, meetings must be preceded by a posted agenda that advises the public of the meeting and the matters to be transacted or discussed.

CoC Board Meetings and Committees must¹:

- Post agendas at least **72 hours** before the regular meeting in a location “freely accessible to members of the public.” Freely accessible is interpreted as, locations accessible to the public 24 hours a day during the 72 hour period, but any of the 72 hours may fall on a weekend. Posting an agenda only on an agency’s website is inadequate. Special Meeting’s agenda must follow the same posting protocol at least 24 hours before the meeting is scheduled to start.
- Post notice of meetings and agendas on the Continuum of Care website.
- State the meeting time and place on the agenda and must contain a brief general description of each item of business to be transacted or discussed at the meeting, including items to be discussed in closed session.
- Mail a copy of the agenda and the entire package, to any person who has filed a written request for such materials. If requested, the materials should be provided in an alternative format to the individuals with disabilities.
- Allow for public comment on each agenda item, and a general comment period.
- Include all actions and items that will be discussed at the meeting on the agenda. The Brown Act generally prohibits any action or discussion of items not on the posted agenda. However, there are specific situations in which a legislative body can act on an item not on the agenda.
- Treat documents as public if distributed to all or a majority of members of a board before or at the meeting, being that these documents are disclosable under the Public Records Act.

Updated: 1/03/2019
Rights of the Public

- The public has the right to attend, observe and participate in meetings. Individuals, lobbyists and members of the news media possess the right to attend, record, broadcast, and participate in public meetings.
- Members of the public cannot be required to register their names, provide other information, complete a questionnaire, or otherwise “fulfill any condition precedent” to attending a meeting.
- Any attendance list, questionnaire, or similar document posted at or near the entrance to the meeting room or circulated at a meeting must clearly state that its completion is voluntary and that all persons may attend whether or not they fill it out.
- Teleconferencing may be used in connection with a meeting, but the public must be given notice of and access to the teleconference location. Members of the public must be able to address the legislative body from the teleconference location.

Ad-Hoc Meetings

Ad hoc committees meetings are generally not subject to the notice and posting requirements of the Brown Act so long as the committee is comprised solely of members of the governing body, i.e., the committee may not contain individuals other than the members of the governing body; and consists of less than the number of board members who, if present at a meeting, would be able to make a decision.

The ad-hoc committee must have a defined purpose, a time frame to accomplish that purpose; and it should only have an advisory role, i.e., the committee has not been delegated any decision-making power and will be returning to the full board on its recommendation. Although the ad hoc committee itself is not subject to the Brown Act, if the board desires to create an ad hoc committee, then the action to create the committee should be done at a publicly noticed meeting under the Act and the item should be placed on an agenda for that purpose.

Brown Act Tips

- Any gathering of a majority of board members that involves any aspect of the decision-making process triggers Brown Act open meeting requirements.
- A majority of members cannot use a telephone, fax machine, e-mail, a chat room, an intermediary or other devices to develop consensus, agreement, or involve in decision-making process or make decisions.
- “Polling” of board members by another board member (personally or through staff or technology) is strictly prohibited.
- The legislative body cannot prohibit public criticism of policies, procedures, programs, or services of the agency or the omissions of the legislative body itself.
- Agendas:
  - Label agendas accurately (regular/special).
  - Use agenda descriptions that would make sense to an out-of-towner.
  - Provide an opportunity for the public to comment on agenda items before or during the consideration of the item.
  - Action or discussion on non-agenized items is generally prohibited. Members may only:
    - Briefly respond to statements/questions from the public,
    - Ask a question for clarification,
    - Make a brief announcement,
    - Make a brief report on his or her activities,
    - Provide a reference to staff or other sources for factual information,
    - Request staff report back at a later meeting, or
    - Direct staff to place the matter on a future agenda.
