</table>
Where clients that enrolled into projects within the past month were living prior to entry.

Average number of days between the client's Project Start Date and Housing Move-In Date.

Average number of days between the client's Project Start Date and Report End Date (or Project End Date).

Percentage of beds and units occupied during the month.

Percentage of adults enrolled for at least one year that increased their income from any source between entry and latest update.

Percentage of adults exited during the month that increased their income from any source between entry and exit.
Clients Placed in Permanent Housing

232 clients

Number of clients placed in permanent housing situations during the month.

Average Days on the Prioritization List*

Households without Children: 243 days
Households with Children and Adults: 85 days

Number of households on the Prioritization List with a survey date during the month.

Coordinated Entry Inflow*

Households without Children: 150
Households with Children and Adults: 9

Number of households on the Coordinated Entry Prioritization List with a survey date during the month.

Percentage of clients that remained in PSH or OPH at the end of the month or exited to a permanent housing situation during the month.

Percentage of clients that exited during the month to a successful destination for that project type.
