

Before Starting the Exhibit 1 Continuum of Care (CoC) Application

HUD strongly encourages ALL applicants to review the following information BEFORE beginning the 2010 Exhibit 1 Continuum of Care (CoC) Application.

Training resources are available online at: www.hudhre.info/esnaps - Training modules are available to help complete or update the Exhibit 1 application, including attaching required forms. - The HUD HRE Virtual Help Desk is available for submitting technical and policy questions.

Things to Remember

- Review the 2010 Notice of Funding Availability for the Continuum of Care (CoC) Homeless Assistance Program in its entirety for specific application and program requirements.
- CoCs that applied in the 2009 competition and selected the bring forward option during CoC Registration must be careful to review each question in the Exhibit 1. Questions may have changed or been removed so the information brought forward may or may not be relevant. Not all questions will have information brought forward. For those questions, you must enter response manually. Be sure to review the application carefully. Verify and update as needed to ensure accuracy.
- New CoCs or CoCs that did not apply in 2009 will not have pre-populated information and must complete all Exhibit 1 forms.
- There are character limits for the narrative sections of the application and the amounts are listed accordingly. It is recommended that CoCs first write narrative responses in Microsoft Word and then cut and paste into e-snaps.

1A. Continuum of Care (CoC) Identification

Instructions:

The fields on this screen are read only and reference the information entered during the CoC Registration process. Updates cannot be made at this time. If the information on this screen is not correct, contact the HUD Virtual Help Desk at www.hudhre.info.

CoC Name and Number (From CoC Registration): CA-602 - Santa Ana/Anaheim/Orange County
CoC

CoC Lead Agency Name: OC Community Services

1B. Continuum of Care (CoC) Primary Decision-Making Group

Instructions:

The following questions are related to the CoC primary decision-making group. The primary responsibility of this group is to manage the overall planning effort for the entire CoC, including, but not limited to:

- Setting agendas for full Continuum of Care meetings
- Project monitoring
- Determining project priorities
- Providing final approval for the CoC application submission.

This body is also responsible for the implementation of the CoC's HMIS, either through direct oversight or through the designation of an HMIS implementing agency. This group may be the CoC Lead Agency or may authorize another entity to be the CoC Lead Agency under its direction.

Name of primary decision-making group: Orange County CoC Community Collaborative

Indicate the frequency of group meetings: Monthly or more

If less than bi-monthly, please explain (limit 500 characters):

Indicate the legal status of the group: Other (specify)

Specify "other" legal status:

The primary decision-making body is made up of County of Orange appointed officials, nonprofit services providers, for profit agencies, businesses, elected officials and representatives, volunteers, medical and social services professionals, faith-based organizations, educational systems, and consumers.

Indicate the percentage of group members that represent the private sector: (e.g., non-profit providers, homeless or formerly homeless persons, advocates and consumer interests) 70%

*** Indicate the selection process of group members: (select all that apply)**

Elected:	<input type="checkbox"/>
Assigned:	<input type="checkbox"/>
Volunteer:	<input checked="" type="checkbox"/>

Appointed:	<input checked="" type="checkbox"/>
Other:	<input type="checkbox"/>

Specify "other" process(es):

Briefly describe the selection process of group members. Description should include why this process was established and how it works (limit 750 characters):

The CoC Community Collaborative(120+ members) was created to address homeless issues, ensuring a comprehensive, regional coordination of efforts and resources to reduce homelessness, and to provide leadership and direction for the regional CoC planning process. Membership is voluntary and consists of diverse service providers, ethnic groups, faith-based organizations, private and public sector, and social services/medical professionals. The Collaborative meets monthly to address homeless issues. Subgroups operate under the umbrella of the forum. The Collaborative is facilitated by two lead agencies:Orange County Community Services and OC Partnership, Orange County's HMIS Provider.

*** Indicate the selection process of group leaders: (select all that apply):**

Elected:	<input type="checkbox"/>
Assigned:	<input checked="" type="checkbox"/>
Volunteer:	<input checked="" type="checkbox"/>
Appointed:	<input checked="" type="checkbox"/>
Other:	<input checked="" type="checkbox"/>

Specify "other" process(es):

The Homeless Leadership Cabinet, an Advisory Committee of the HCD Commission oversees regional planning efforts on behalf of the entire Continuum of Care. The Leadership Cabinet has seven members and includes elected officials, community members, county agency representatives, and four major nonprofit service providers. The Orange County Board of Supervisors appoints 11 members to serve on the Housing and Community Development Commission (HCD). These members are representatives of local government, cities (elected), nonprofit providers, community members, the faith-based community, and consumers. Three members from the HCD Commission are appointed to serve on the Homeless Leadership Cabinet (2 year terms). Also serving on the Leadership Cabinet are three major homeless service providers (Mercy House, Family Assistance Ministries, and Orange County Rescue Mission). OC Partnership, the fourth nonprofit agency serving on the Homeless Leadership Cabinet is co-convenor of the CoC Community Forum, the 10 Year Plan, and the Homeless Shelter Provider Network. In addition to being the regional HMIS service provider, OC Partnership acts as the voice for the CoC Community Forum and also serves as technical advisor for HUD grants. The County's Homeless Coordinator addresses government challenges faced by the CoC, acts as the liaison to the CoC, focuses on building public/private partnerships, and coordinates the annual SuperNOFA grant application process. This public/private partnership strengthens the CoC as funding resources are maximized when cities, nonprofits, the County, the faith based community, and consumers address the issue of homelessness together.

If administrative funds were made available to the CoC, would the primary-decision making body, or its designee, have the capacity to be responsible for activities such as applying for HUD funding and serving as a grantee, providing project oversight, and monitoring. Explain (limit 750 characters):

Orange County Community Services could feasibly administer HUD funds on behalf of the CoC. However, at present, 5% administrative funding (split with applicants) from HUD is not a sufficient amount of funding to support this activity on behalf of Orange County's Continuum of Care.

1C. Continuum of Care (CoC) Committees, Subcommittees and Work Groups

Instructions:

Provide information on up to five of the CoCs most active CoC-wide planning committees, subcommittees, and workgroups. CoCs should only include information on those groups that are directly involved in CoC-wide planning activities such as project review and selection, discharge planning, disaster planning, completion of the Exhibit 1 application, conducting the point-in-time count, and 10-year plan coordination. For each group, briefly describe the role and how frequently the group meets. If one of more of the groups meet less than quarterly, please explain.

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

Committees and Frequency

Name of Group	Role of Group (limit 750 characters)	Meeting Frequency
CoC Community Collaborative Forum	responsible for a) identifies gaps and priority needs of the regional CoC and examines new strategies to strengthen the current system; b) coordinates year-round efforts to complete activities related to project review and selection process of Exhibit 1 application which includes rating and performance measures, open solicitation methods, and voting and decision-making methods. The committee also reviews and responds to written complaints received by the CoC; c) plans and improves CoC-wide participation in disaster planning; and d) improves CoC-wide participation in mainstream resources and programs.	Monthly or more
10 Year Plan Committee	responsible for preparing and implementing the regional 10 Year Plan to end chronic homelessness including updating the goals and action steps outlined in the plan on an on-going basis.	Monthly or more
Orange County HMIS/ Point-In-Time Planning Committee	responsible for a) ensuring the implementation of HMIS including overcoming any challenges and barriers impacting implementation, compliance with HMIS Data and Technical Standards, and integrative use with homeless counts and sub-population data; b) reviewing APRs for performance; and c) planning and coordinating the biennial Point-In-Time Count and Survey.	quarterly (once each quarter)
American Reinvestment and Recovery Act Jurisdictional Coordinating Committee	primarily responsible for coordinating jurisdictional participation with HUD managed ARRA programs.	quarterly (once each quarter)
Discharge Planning Committee	primarily responsible for creating and implementing comprehensive, regional discharge planning protocols for the homeless.	quarterly (once each quarter)

If any group meets less than quarterly, please explain (limit 750 characters):

1D. Continuum of Care (CoC) Member Organizations

Identify all CoC member organizations or individuals directly involved in the CoC planning process. To add an organization or individual, click on the icon.

- Type of membership; Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented; No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: CLA & Associates, LLC

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Other
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Attend 10-year planning meetings during past 12 months, Committee/Sub-committee/Work Group
(select all that apply)

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? No

Services provided to homeless persons and families: Not Applicable
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name; Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership; Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented; No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Grandma's House of Hope

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Non-profit organizations
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Primary Decision Making Group, Committee/Sub-committee/Work Group
(select all that apply)

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? Yes

Services provided to homeless persons and families: Case Management, Life Skills
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name; Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership; Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented; No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Public Law Center

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Non-profit organizations
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Primary Decision Making Group, Committee/Sub-committee/Work Group
(select all that apply)

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? Yes

Services provided to homeless persons and families: Legal Assistance
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name; Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership; Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented; No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Olive Crest

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Non-profit organizations
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Primary Decision Making Group, Committee/Sub-committee/Work Group
(select all that apply)

Subpopulation(s) represented by the organization: Youth
(No more than two subpopulations)

Does the organization provide direct services to homeless people? No

Services provided to homeless persons and families: Not Applicable
(select all that apply)

1D. Continuum of Care (CoC) Member Organizations Detail

Instructions:

Provide information about each CoC member organization, including individuals that are part of the CoC planning process. For each member organization, provide information on the following:

- Organization name; Enter the name of the organization or individual. If the individual is a victim of domestic violence, do not enter their actual name.
- Type of membership; Public, private, or individual
- Type of organization
- Organization role in the CoC planning process
- Subpopulations represented; No more than 2 may be selected
- Services provided, if applicable

Name of organization or individual: Society of St. Vincent de Paul

Type of Membership: Private Sector
(public, private, or individual)

Type of Organization: Non-profit organizations
(Content depends on "Type of Membership" selection)

Role(s) of the organization: Primary Decision Making Group, Committee/Sub-committee/Work Group
(select all that apply)

Subpopulation(s) represented by the organization: NONE
(No more than two subpopulations)

Does the organization provide direct services to homeless people? Yes

Services provided to homeless persons and families: Street Outreach, Case Management, Soup Kitchen/Food Pantry
(select all that apply)

1E. Continuum of Care (CoC) Project Review and Selection Process

Instructions:

The CoC solicitation of projects and the project selection process should be conducted in a fair and impartial manner. For each of the following items, indicate all of the methods and processes the CoC used in the past year to assess the performance, effectiveness, and quality of all requested new and renewal project(s).

In addition, indicate if any written complaints have been received by the CoC regarding any CoC matter in the last 12 months, and how those matters were addressed and/or resolved.

Open Solicitation Methods: (select all that apply) a. Newspapers, f. Announcements at Other Meetings, e. Announcements at CoC Meetings, c. Responsive to Public Inquiries, b. Letters/Emails to CoC Membership, d. Outreach to Faith-Based Groups

Rating and Performance Assessment Measure(s): (select all that apply) g. Site Visit(s), k. Assess Cost Effectiveness, q. Review All Leveraging Letters (to ensure that they meet HUD requirements), c. Review HUD Monitoring Findings, r. Review HMIS participation status, d. Review Independent Audit, j. Assess Spending (fast or slow), p. Review Match, i. Evaluate Project Readiness, e. Review HUD APR for Performance Results, n. Evaluate Project Presentation, o. Review CoC Membership Involvement, f. Review Unexecuted Grants, a. CoC Rating & Review Committee Exists, m. Assess Provider Organization Capacity, l. Assess Provider Organization Experience

Voting/Decision-Making Method(s): (select all that apply) c. All CoC Members Present Can Vote, a. Unbiased Panel/Review Committee, e. Consensus (general agreement), d. One Vote per Organization, b. Consumer Representative Has a Vote, f. Voting Members Abstain if Conflict of Interest

Were there any written complaints received by the CoC regarding any matter in the last 12 months? Yes

If yes, briefly describe complaint and how it was resolved (limit 750 characters):

The CoC has received periodic written complaints and public records act (PRA) requests from an individual about the amount of immediate available low-demand ES beds which is addressed and prioritized in County's Ten Year Plan to End Homelessness. Staff has responded to the PRAs in accordance with California law and has provided information on how to participate in both the CoC and the Ten Year Plan. The only other complaint received was in regard to the use of a specific site by one shelter operator. In light of our protocols and procedures, staff has been in communication with the agency and is in the process of conducting a review to determine the validity of the complaint and has been in contact with the local HUD office.

1F. Continuum of Care (CoC) Housing Inventory Count--Change in Beds Available

For each housing type, indicate if there was a change (increase or reduction) in the total number of beds counted in the 2010 Housing Inventory Count (HIC) as compared to the 2009 HIC. If there was a change, please describe the reasons in the space provided for each housing type. If the housing type does not exist in your CoC, please select "Not Applicable" and indicate that in the text box for that housing type.

Emergency Shelter: Yes

Briefly describe the reason(s) for the change in Emergency Shelter beds, if applicable (limit 750 characters):

There was a decrease in the number of shelter beds since last year. The reasons include the following: 1) one emergency shelter was reclassified as transitional housing, 2) a couple are no longer operational, 3) a couple no longer serve homeless persons; and 4) one seasonal shelter became a year-round shelter.

Safe Haven: Not Applicable

Briefly describe the reason(s) for the change in Safe Haven beds, if applicable (limit 750 characters):

Transitional Housing: Yes

Briefly describe the reason(s) for the change in Transitional Housing beds, if applicable (limit 750 characters):

There was a decrease in the number of transitional housing beds last year. The reasons included the following: 1) a few transitional housing programs increased their number of beds; 2) a few transitional housing programs decreased their number of beds; 3) one transitional housing program was reclassified from emergency shelter to transitional; and 4) a couple are no longer operational.

Permanent Housing: Yes

Briefly describe the reason(s) for the change in Permanent Housing beds, if applicable (limit 750 characters):

There was an increase in permanent housing beds last year. The reasons included the following: 1) there was an increase in shelter plus care beds; 2) a few existing programs increased their number of beds; and 3) a few CoC agencies created new programs which resulted in new beds.

CoC certifies that all beds for homeless persons were included in the Housing Inventory Count (HIC) as reported on the Homelessness Data Exchange (HDX), regardless of HMIS participation and HUD funding: Yes

1G. Continuum of Care (CoC) Housing Inventory Count - Data Sources and Methods

Instructions:

Complete the following items based on data collection methods and reporting for the Housing Inventory Count (HIC), including Unmet need determination. The information should be based on a survey conducted in a 24-hour period during the last ten days of January 2010. CoCs were expected to report HIC data on the Homelessness Data Exchange (HDX).

Indicate the type of data sources or methods used to complete the housing inventory count: (select all that apply) HMIS plus housing inventory survey

Indicate the steps taken to ensure the accuracy of the data collected and included in the housing inventory count: (select all that apply) Follow-up, Instructions, Updated prior housing inventory information, Confirmation, Training, HMIS

Must specify other:

Indicate the type of data or method(s) used to determine unmet need: (select all that apply): HUD unmet need formula, Local studies or non-HMIS data sources, Stakeholder discussion

Specify "other" data types:

Key community stakeholders discussed the initial estimates of unmet need which were based on HUD's unmet need formula to determine if adjustments were necessary based on information from local studies and non-HMIS data sources including the 2009 Orange County homeless survey. Adjustments were made to the number of persons in need of emergency shelter, transitional housing, and permanent supportive housing beds. These adjusted numbers were then used to recalculate the unmet need by program type through HUD's unmet need formula.

If more than one method was selected, describe how these methods were used together (limit 750 characters):

2A. Homeless Management Information System (HMIS) Implementation

Intructions:

All CoCs are expected to have a functioning Homeless Management Information System (HMIS). An HMIS is a computerized data collection application that facilitates the collection of information on homeless individuals and families using residential or other homeless services and stores that data in an electronic format. CoCs should complete this section in conjunction with the lead agency responsible for the HMIS. All information should reflect the status of HMIS implementation as of the date of application submission.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

- Select the HMIS implementation coverage area:** Regional (multiple CoCs)
- Select the CoC(s) covered by the HMIS: (select all that apply)** CA-600 - Los Angeles City & County CoC, CA-612 - Glendale CoC, CA-602 - Santa Ana/Anaheim/Orange County CoC, CA-607 - Pasadena CoC
- Is the HMIS Lead Agency the same as the CoC Lead Agency?** No
- Does the CoC Lead Agency have a written agreement with the HMIS Lead Agency?** Yes
- Has the CoC selected an HMIS software product?** Yes
 - If "No" select reason:**
 - If "Yes" list the name of the product:** Adaptive Enterprise Solutions
 - What is the name of the HMIS software company?** Adsystem, Inc.
- Does the CoC plan to change HMIS software within the next 18 months?** No
- Indicate the date on which HMIS data entry started (or will start): (format mm/dd/yyyy)** 07/01/2005
- Indicate the challenges and barriers impacting the HMIS implementation: (select all the apply):** No or low participation by non-HUD funded providers
- If CoC indicated that there are no challenges or barriers impacting HMIS implementation, briefly describe either why CoC has no challenges or how all barriers have been overcome (limit 1000 characters).**

If CoC identified one or more challenges or barriers impacting HMIS implementation, briefly describe how the CoC plans to overcome them (limit 1000 characters).

CoC will overcome barrier as a result of 1) scantron data entry being rolled out by vendor to simplify intake and reduce the time burden; 2) continue to work with vendor to enhance the interface, system features and reporting functionality; 3) the availability of HPRP funding to local cities has created a new partnership whereby jurisdictions are able to experience firsthand the benefits of using HMIS for regional homeless service delivery. This partnership will morph into cities mandating non-HUD funded shelter providers' participation in HMIS; 4) support County efforts to ensure that information on homeless clients' collected within their system(s) is migrated to HMIS monthly; and 5) continue marketing strategy of engaging agencies with a comprehensive client demographic and service utilization report that can be used as a tool for funding and program evaluation.

2B. Homeless Management Information System (HMIS) Lead Agency

Enter the name and contact information for the HMIS Lead Agency. This is the organization responsible for implementing the HMIS within a CoC. There may only be one HMIS Lead Agency per CoC.

Organization Name OC Partnership

Street Address 1 1 Hope Drive

Street Address 2

City Tustin

State California

Zip Code 92782

Format: xxxxx or xxxxx-xxxx

Organization Type Non-Profit

If "Other" please specify

Is this organization the HMIS Lead Agency in more than one CoC? No

2C. Homeless Management Information System (HMIS) Contact Person

Enter the name and contact information for the primary contact person at the HMIS Lead Agency.

Prefix: Ms.

First Name Dawn

Middle Name/Initial M

Last Name Lee

Suffix

Telephone Number: 714-288-4007
(Format: 123-456-7890)

Extension 1112

Fax Number: 714-258-7852
(Format: 123-456-7890)

E-mail Address: dawn.lee@ocpartnership.net

Confirm E-mail Address: dawn.lee@ocpartnership.net

2D. Homeless Management Information System (HMIS) Bed Coverage

Instructions:

HMIS bed coverage measures the level of provider participation in a CoC's HMIS. Participation in HMIS is defined as the collection and reporting of client level data either through direct data entry into the HMIS or into an analytical database that includes HMIS data on an at least annual basis.

HMIS bed coverage is calculated by dividing the total number of year-round beds located in HMIS-participating programs by the total number of year-round beds in the Continuum of Care (CoC), after excluding beds in domestic violence (DV) programs. HMIS bed coverage rates must be calculated separately for emergency shelters, transitional housing, and permanent supportive housing.

The 2005 Violence Against Women Act (VAWA) Reauthorization bill restricts domestic violence provider participation in HMIS unless and until HUD completes a public notice and comment process. Until the notice and comment process is completed, HUD does not require nor expect domestic violence providers to participate in HMIS. HMIS bed coverage rates are calculated excluding domestic violence provider beds from the universe of potential beds.

For additional instructions, refer to the Exhibit 1 Detailed Instructions which can be accessed on the left-hand menu bar.

Indicate the HMIS bed coverage rate (%) for each housing type within the CoC. If a particular housing type does not exist anywhere within the CoC, select "Housing type does not exist in CoC" from the drop-down menu.

* Emergency Shelter (ES) Beds	65-75%
* Safe Haven (SH) Beds	No beds in CoC
* Transitional Housing (TH) Beds	86%+
* Permanent Housing (PH) Beds	86%+

How often does the CoC review or assess its HMIS bed coverage? At least Monthly

If bed coverage is 0-64%, describe the CoC's plan to increase this percentage during the next 12 months:

2E. Homeless Management Information System (HMIS) Data Quality

Instructions:

HMIS data quality refers to the extent that data recorded in an HMIS accurately reflects the extent of homelessness and homeless services in a local area. In order for the HMIS to present accurate and consistent information on homelessness, it is critical that an HMIS have the best possible representation of reality as it relates to homeless people and the programs that serve them. Specifically, it should be a CoCs goal to record the most accurate, consistent and timely information in order to draw reasonable conclusions about the extent of homelessness and the impact of homeless services in its local area. Answer the questions below related to the steps the CoC takes to ensure the quality of its data. In addition, CoCs will indicate their participation in the Annual Homelessness Assessment Report (AHAR) for 2009 and 2010 as well as whether or not they plan to contribute data to the Homelessness Pulse project in 2010.

For additional instructions, refer to the ¿Exhibit 1 Detailed Instructions¿ which can be accessed on the left-hand menu bar.

Indicate the percentage of unduplicated client records with null or missing values on a day during the last ten days of January 2010.

Universal Data Element	Records with no values (%)	Records where value is refused or unknown (%)
* Social Security Number	18%	18%
* Date of Birth	0%	0%
* Ethnicity	0%	1%
* Race	4%	4%
* Gender	0%	0%
* Veteran Status	0%	7%
* Disabling Condition	0%	6%
* Residence Prior to Program Entry	5%	12%
* Zip Code of Last Permanent Address	4%	16%
* Name	0%	0%

How frequently does the CoC review the quality of client level data? At least Monthly

How frequently does the CoC review the quality of program level data? At least Monthly

Describe the process, extent of assistance, and tools used to improve data quality for agencies participating in the HMIS (limit 750 characters):

HMIS Training and Support Specialists provide extensive HMIS new user training including, but not limited to, basic computer training, HMIS software training, and training on how to generate data quality reports that indicate data element deficiencies.

Describe the existing policies and procedures used to ensure that valid program entry and exit dates are recorded in the HMIS (limit 750 characters):

Section F of the Orange County HMIS Policies and Procedures Manual outlines the responsibilities of the shelter provider representative regarding entry of the HUD universal and program data elements. The provider agrees to input the collected data no more than one week after date of program entry. At the beginning of each month HMIS Support Staff checks for data integrity by generating null value reports which include missing values in HUD universal and program data elements. When patterns of error are discovered, users are required to correct data entry errors. Verification by the HMIS Support Staff occurs to ensure the successful correction of data entry errors and processes.

Indicate which reports the CoC or subset of the CoC submitted usable data: None
(Select all that apply)

Indicate which reports the CoC or subset of the CoC plans to submit usable data: 2010 AHAR Supplemental Report on Homeless Veterans, 2010 AHAR
(Select all that apply)

Does your CoC plan to contribute data to the Homelessness Pulse project in 2010? Yes

2F. Homeless Management Information System (HMIS) Data Usage

Instructions:

CoCs can use HMIS data for a variety of applications. These include, but are not limited to, using HMIS data to understand the characteristics and service needs of homeless people, to analyze how homeless people use services, and to evaluate program effectiveness and outcomes.

In this section, CoCs will indicate the frequency in which it engages in the following.

- Integrating or warehousing data to generate unduplicated counts
- Point-in-time count of sheltered persons
- Point-in-time count of unsheltered persons
- Measuring the performance of participating housing and service providers
- Using data for program management
- Integration of HMIS data with data from mainstream resources

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

Indicate the frequency in which the CoC uses HMIS data for each of the following:

Integrating or warehousing data to generate unduplicated counts:	At least Monthly
Point-in-time count of sheltered persons:	At least Annually
Point-in-time count of unsheltered persons:	Never
Measuring the performance of participating housing and service providers:	At least Monthly
Using data for program management:	At least Monthly
Integration of HMIS data with data from mainstream resources:	Never

2G. Homeless Management Information System (HMIS) Data and Technical Standards

Instructions:

In order to enable communities across the country to collect homeless services data consistent with a baseline set of privacy and security protections, HUD has published HMIS Data and Technical Standards. The standards ensure that every HMIS captures the information necessary to fulfill HUD reporting requirements while protecting the privacy and informational security of all homeless individuals.

Each CoC is responsible for ensuring compliance with the HMIS Data and Technical Standards. CoCs may do this by completing compliance assessments on a regular basis and through the development of an HMIS Policy and Procedures manual. In the questions below, CoCs are asked to indicate the frequency in which they complete compliance assessment.

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

For each of the following HMIS privacy and security standards, indicate the frequency in which the CoC and/or HMIS Lead Agency complete a compliance assessment:

* Unique user name and password	At least Monthly
* Secure location for equipment	At least Monthly
* Locking screen savers	At least Monthly
* Virus protection with auto update	At least Monthly
* Individual or network firewalls	At least Monthly
* Restrictions on access to HMIS via public forums	At least Monthly
* Compliance with HMIS Policy and Procedures manual	At least Monthly
* Validation of off-site storage of HMIS data	At least Monthly

How often does the CoC Lead Agency assess compliance with the HMIS Data and Technical Standards? At least Monthly

How often does the CoC Lead Agency aggregate data to a central location (HMIS database or analytical database)? At least Monthly

Does the CoC have an HMIS Policy and Procedures manual? Yes

If 'Yes' indicate date of last review or update by CoC: 09/15/2010

If 'No' indicate when development of manual will be completed (mm/dd/yyyy):

2H. Homeless Management Information System (HMIS) Training

Instructions:

Providing regular training opportunities for homeless assistance providers that are participating in a local HMIS is a way that CoCs can ensure compliance with the HMIS Data and Technical Standards. In the section below, CoCs will indicate how frequently they provide certain types of training to HMIS participating providers.

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

Indicate the frequency in which the CoC or HMIS Lead Agency offers each of the following training activities:

* Privacy/Ethics training	At least Monthly
* Data Security training	At least Monthly
* Data Quality training	At least Monthly
* Using Data Locally	At least Monthly
* Using HMIS data for assessing program performance	At least Monthly
* Basic computer skills training	At least Monthly
* HMIS software training	At least Monthly

2I. Continuum of Care (CoC) Sheltered Homeless Population & Subpopulation: Point-In-Time (PIT) Count

Instructions:

Although CoCs are only required to conduct a one-day point-in-time count every two years, HUD strongly encourages CoCs to conduct a point-in-time count annually, if resources allow. The purpose of the point-in-time count is to further understand the number and characteristics of people sleeping in shelters, on the streets, or in other locations not meant for human habitation.

Below, CoCs will indicate how frequently they will conduct a point-in-time count and what percentage of their homeless service providers participate. CoCs are also asked to describe whether or not there were differences between the most recent point-in-time count and the one prior. CoCs should indicate in the narrative which years they are comparing.

How frequently does the CoC conduct a point-in-time count? biennially (every other year)

Enter the date in which the CoC plans to conduct its next point-in-time count: (mm/dd/yyyy) 01/22/2011

Indicate the percentage of homeless service providers supplying population and subpopulation data for the point-in-time count that was collected via survey, interview, and/or HMIS.

Emergency Shelter: 100%
Transitional Housing: 100%

Comparing the most recent point-in-time count to the previous point-in-time count, describe any factors that may have resulted in an increase, decrease, or no change in both the sheltered and unsheltered population counts (limit 1500 characters).

From 2007 to 2009, the overall number of sheltered persons increased by 1% or 31 persons. The total sheltered population in 2007 was 2,578 and in 2009 was 2,609. The number of homeless persons counted in shelter beds reflected little or no change from 2007 to 2009.

2J. Continuum of Care (CoC) Sheltered Homeless Population & Subpopulations:Methods

Instructions:

Accuracy of the data reported in point-in-time counts is vital. Data produced from these counts must be based on reliable methods and not on *guessimates*. CoCs may use one or more methods to count sheltered homeless persons. This form asks CoCs to identify and describe which method(s) they use to conduct their point-in-time counts. The description should demonstrate how the method(s) was used to produce an accurate count.

For additional instructions, refer to the *Exhibit 1 Detailed Instructions* which can be accessed on the left-hand menu bar.

**Indicate the method(s) used to count sheltered homeless persons during the last point-in-time count:
(Select all that apply):**

Survey Providers:	<input checked="" type="checkbox"/>
HMIS:	<input checked="" type="checkbox"/>
Extrapolation:	<input checked="" type="checkbox"/>
Other:	<input type="checkbox"/>

If Other, specify:

Describe the methods used by the CoC, as indicated above, to collect data on the sheltered homeless population during the most recent point-in-time count. Response should indicate how the method(s) selected above were used in order to produce accurate data (limit 1500 characters).

The basic approach was to identify and contact agencies that temporarily housed homeless people and request that they submit a count of the number of homeless persons in their programs on the night before the count. The support and participation from a broad range of agencies, both public and private, was needed to complete the shelter and institution count. These agencies included:

- ¿ Shelters,
- ¿ Jails / police departments,
- ¿ Residential drug and alcohol rehabilitation facilities, and
- ¿ Hospitals.

The shelter and institution count began by identifying and collecting contact information from OC Community Services, OC Partnership, and the OC Point-in-Time Advisory Committee for all agencies in the County that provided temporary shelter. These agencies included: emergency shelters, transitional housing programs, jails, residential drug and alcohol rehabilitation facilities, hospitals, and agencies that temporarily house homeless people in motels. These facilities reported their occupancies to Applied Survey Research for the night prior to the street count. Persons counted in institutions such as jails, hospitals, and rehabilitation facilities were not included in the total number of homeless persons on the night of the shelter census, because they do not meet HUD's homeless definition for the point-in-time count. Only persons counted on the streets and in emergency shelters and transitional housing if they came from the streets or shelters were included in the count.

2K. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation: Data Collection

Instructions:

CoCs are required to produce data on seven subpopulations. These subpopulations are the chronically homeless, severely mentally ill, chronic substance abuse, veterans, persons with HIV/AIDS, victims of domestic violence, and unaccompanied youth (under 18). Subpopulation is required for sheltered homeless persons and optional for unsheltered homeless persons, with the exception of chronically homeless persons. Sheltered chronically homeless people are those living in emergency shelters only.

In the 2010 CoC NOFA, the definition of Chronically Homeless Person has been expanded to include families with at least one adult member who has a disabling condition. The family must meet all the other standards for chronic homelessness in Section 4.d. of the 2010 NOFA, Definitions and Concepts. Because the definition of chronically homeless at the time of either the 2009 or 2010 point-in-time count was still limited to individuals, CoCs are only reporting on that data on this section of the Exhibit 1.

CoCs may use a variety of methods to collect subpopulation information on sheltered homeless persons and may employ more than one in order to produce the most accurate data. This form asks CoCs to identify and describe which method(s) they use to gather subpopulation information for sheltered populations during the most recent point-in-time count. The description should demonstrate how the method(s) was used to produce an accurate count.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

Indicate the method(s) used to gather and calculate subpopulation data on sheltered homeless persons (select all that apply):

	HMIS	<input type="checkbox"/>
	HMIS plus extrapolation:	<input type="checkbox"/>
Sample of PIT interviews plus extrapolation:		<input checked="" type="checkbox"/>
	Sample strategy:	Stratified Sample
	Provider expertise:	<input checked="" type="checkbox"/>
	Interviews:	<input type="checkbox"/>
Non-HMIS client level information:		<input checked="" type="checkbox"/>
	None:	<input type="checkbox"/>
	Other:	<input type="checkbox"/>

If Other, specify:

Describe the methods used by the CoC, as indicated above, to collect data on the sheltered homeless subpopulations during the most recent point-in-time count. Response should indicate how the method(s) selected above were used in order to produce accurate data on all of the sheltered subpopulations (Limit 1500 characters).

A survey instrument was designed to determine the percentage and number of several pre-determined sub-populations. Survey was implemented using geographically stratified quota of sheltered sites and street locations. Transitional housing surveys were conducted at a program level by working closely with service providers. The sample was organized by shelter type, target population and location. Shelter providers interviewed clients on a random basis from their roster. For example, every 3rd person on a roster list was approached to be interviewed to avoid selection bias. Survey responses rates were very high. Special care was taken to ensure geographic stratification was accomplished. Emergency shelter surveys were gathered at the same time and using the same methodology for unsheltered surveys. Experience conducting these surveys has shown that randomly collected surveys of street homeless will naturally capture the profiles of a significant number of Emergency Shelter clients. Emergency shelter survey responses are reviewed to ensure they represent the appropriate % of Emergency Shelter guests from the night before the PIT count. A total of 794 surveys were administered with 151 surveys allocated to transitional housing occupants and 636 surveys allocated to unsheltered and emergency shelter homeless persons. In total, 787 valid surveys were completed yielding a plus or minus 3.5% confidence interval and a 95% confidence level.

2L. Continuum of Care (CoC) Sheltered Homeless Population and Subpopulation: Data Quality

Instructions:

The data collected during point-in-time counts is vital for both CoCs and HUD. Communities need accurate data to determine the size and scope of homelessness at the local level, plan services and programs to appropriately address local needs, and measure progress in addressing homelessness. HUD needs accurate data to understand the extent and nature of homelessness throughout the country, provide Congress and OMB with information on services provided, gaps in service, and performance, and to inform funding decisions. Therefore, it is vital that the quality of data reported is high. CoCs may undertake one or more actions to improve the quality of the sheltered population data. This form asks CoCs to identify the steps they take to ensure data quality.

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

Indicate the steps taken by the CoC to ensure the quality of the data collected for the sheltered population count: (select all that apply)

Instructions:	X
Training:	X
Remind/Follow-up	X
HMIS:	
Non-HMIS de-duplication techniques:	X
None:	
Other:	

If Other, specify:

If selected, describe the non-HMIS de-duplication techniques used by the CoC to ensure the data quality of the sheltered persons count (limit 1000 characters).

The sheltered count was conducted at night so that there would be little possibility of movement (and therefore duplication) of homeless people between sheltered locations. Likewise, the street count took place from 5 am-9 am, when most sheltered homeless persons were still at their sheltered sites, thereby reducing the potential for co-mingling among the sheltered and unsheltered populations. Special care was taken to enumerate areas around emergency shelters before homeless were released from shelters to avoid duplication. Additionally, all shelter results were compared to known capacity limits for the shelter facility.

2M. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation: Methods

Instructions:

Accuracy of the data reported in point-in-time counts is vital. Data produced from these counts must be based on reliable methods and not on *guesstimates*. CoCs may use one or more methods to count unsheltered homeless persons. This form asks CoCs to identify which method(s) they use to conduct their point-in-time counts.

For additional instructions, refer to the *Exhibit 1 Detailed Instructions* which can be accessed on the left-hand menu bar.

Indicate the method(s) used to count unsheltered homeless persons: (select all that apply)

Public places count:	<input type="checkbox"/>
Public places count with interviews:	<input checked="" type="checkbox"/>
Service-based count:	<input type="checkbox"/>
HMIS:	<input type="checkbox"/>
Other:	<input checked="" type="checkbox"/>

If Other, specify:

A statistical sampling approach was undertaken in conjunction with a team of statisticians from UCLA and Applied Survey Research. A stratified sample of all census tracts was developed.

2N. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation - Level of Coverage

Instructions:

CoCs may employ numerous approaches when counting unsheltered homeless people. CoCs first need to determine where they will look to count this population. They may canvass an entire area or only those locations where homeless persons are known to sleep for example. This form asks CoCs to indicate the level of coverage they incorporate when conducting their unsheltered count.

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

Indicate where the CoC located the unsheltered homeless persons (level of coverage) that were counted in the last point-in-time count: Other

If Other, specify:

The most accurate description is complete coverage with probability sampling. Known congregant points were enumerated in the sample in addition to probability sampling in other areas. Three strata were developed for the sample, one strata of dense homeless areas enumerated at 100%, a second strata where 3 in 7 tracts were enumerated and all others were in the final strata that was sampled at a 1 in 7 rate.

20. Continuum of Care (CoC) Unsheltered Homeless Population and Subpopulation - Data Quality

Instructions:

The data collected during point-in-time counts is vital for both CoCs and HUD. Communities need accurate data to determine the size and scope of homelessness at the local level, plan services and programs to appropriately address local needs, and measure progress in addressing homelessness. HUD needs accurate data to understand the extent and nature of homelessness throughout the country, provide Congress and OMB with information on services provided, gaps in service, and performance, and to inform funding decisions. Therefore, it is vital that the quality of data reported is high. CoCs may undertake one or more actions to improve the quality of the unsheltered population data. This form asks CoCs to identify the steps they take to ensure data quality.

All CoCs should be engaging in activities to reduce the occurrence of counting unsheltered persons more than once during a point-in-time count. These strategies are known as de-duplication techniques. De-duplication techniques should always be implemented when the point-in-time count extends beyond one night or takes place during the day at service locations used by homeless people that may or may not use shelters. On this form, CoCs are asked to describe their de-duplication techniques. Finally, CoCs are asked to describe their outreach efforts to identify and engage homeless individuals and families.

For additional instructions, refer to the *Exhibit 1 Detailed Instructions* which can be accessed on the left-hand menu bar.

Indicate the steps taken by the CoC to ensure the quality of the data collected for the unsheltered population count: (select all that apply)

Training:	X
HMIS:	
De-duplication techniques:	X
Other:	

If Other, specify:

Describe the techniques used by the CoC to reduce the occurrence of counting unsheltered homeless persons more than once during the most recent point-in-time count (limit 1500 characters):

Enumerating began in the morning hours between 5 a.m. and 9 a.m. This time was selected in order to avoid duplicate counting of sheltered individuals and to increase the visibility of the street homeless. The unsheltered and sheltered homeless counts were coordinated to occur within the same time period to minimize the potential effect of duplicate counting. No direct contact with enumerated homeless people was made. Trained homeless guides were assigned to each 3 person team which also included a trained service provider or community volunteer. To avoid potential duplication of unsheltered and sheltered homeless, it was imperative to enumerate during the narrow timeframe when the homeless do not co-mingle. It was determined that administering the survey in conjunction with the census would have taken up too much of this narrow timeframe, thereby increasing the likelihood of duplication between the street and sheltered homeless, and jeopardizing the accuracy of the census. Thus, observation only enumeration strategies were employed during the census, and the survey component of this project began after the census was completed. Upon their return, enumeration teams turned in their forms and were debriefed by the deployment center captains. Observational comments and the integrity of the enumeration effort were reviewed and assessed. This review was done to check for double-counting and to verify that every accessible road within the assigned area was enumerated.

Describe the CoCs efforts to reduce the number of unsheltered homeless households with dependent children. Discussion should include the CoCs outreach plan (limit 1500 characters):

The CoC continues to promote and implement a community-wide CoC system that is based upon: 1) outreach, intake, and assessment in order to identify and link to service and housing needs; 2) ES which provides services to help residents obtain and maintain permanent housing; 3) TH which provides services to help residents obtain and maintain permanent housing; and 4) PH and PSH to provide individuals and families with an affordable place to live with on-site and/or off-site services. In particular, the CoC supports and promotes transitional housing for households with children for up to two years.

The CoC has promoted a community-wide Housing First approach and received HPRP funding to help implement this approach. HPRP funding is used for homeless prevention which provides HPRP resources for at-risk households with children, to prevent them from becoming homeless and keeping them in their current housing. HPRP funding is used for rapid rehousing which provides resources to divert households, including those with children, who become homeless from the shelter system whenever possible and into an affordable place to live with on-site and/or off-site services.

The CoC has also adopted a redirection program in partnership with the Winter Shelter to divert families from shelters and into transitional housing and/or permanent housing and a mobile multiservice center that links families to a multitude of services in order to obtain and maintain permanent housing.

Describe the CoCs efforts to identify and engage persons that routinely sleep on the streets or other places not meant for human habitation (limit 1500 characters):

Three-person teams (consisting of one homeless guide and two community volunteers) were created to enumerate the selected census tracts throughout the County for the street count. The guides shared valuable firsthand knowledge of homelessness, while volunteers contributed local knowledge of specific neighborhoods and geographic areas. Given the expertise each team member brought to working in the field, the “volunteer/ homeless worker” teamwork concept was especially beneficial for the street count. Street count teams were provided with census tract maps of their assigned areas, census tally sheets, a recap of the census training documents and techniques, and other supplies. Prior to deployment, volunteers and workers were provided with a brief review of how to enumerate their assigned area thoroughly without disturbing homeless people or anyone else encountered during the street census. From 5 a.m. to 10 a.m., all 150 census tracts included in the sample were enumerated. Enumeration teams were deployed from five deployment centers located in Anaheim, Cypress, Orange, Santa Ana, and Lake Forest. Volunteers and homeless service agency staff used personal or agency vehicles to transport homeless workers and volunteers to and from assigned census tracts. All accessible streets, roads, and highways in the enumerated tracts were traveled by foot, bike, or car.

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 1: Create new permanent housing beds for chronically homeless persons.

Instructions:

Ending chronic homelessness continues to be a HUD priority. CoCs can do this by creating new permanent housing beds that are specifically designated for this population. In the 2010 NOFA, a chronically homeless person is defined as an unaccompanied homeless individual with a disabling condition or a family with at least one adult member who has a disabling condition who has either been continuously homeless for at least a year OR has had at least four episodes of homelessness in the past three (3) years.

On this section, CoCs are to describe their short-term and long-term plans for creating new permanent housing beds for chronically homeless persons that meet the definition in the 2010 CoC NOFA. In addition, CoCs will indicate the current number of permanent housing beds designated for chronically homeless persons. This number should match the number of beds reported in the 2010 Housing Inventory Count (HIC) and entered onto the Homeless Data Exchange (HDX). CoCs will then enter number of permanent housing beds they expect to have in place in 12-months, 5-years, and 10-years. These future estimates should be based on the definition of chronically homeless in the 2010 CoC NOFA.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

Describe the CoCs short-term (12-month) plan to create new permanent housing beds for persons that meet HUD's definition of chronically homeless (limit 1000 characters).

The CoC will, through the Orange County Housing Authority, create 12 beds for the chronically homeless through 12 S+C certificates and 28 beds for chronic homeless veterans through the VASH program.

Describe the CoCs long-term (10-year) plan to create new permanent housing beds for persons that meet HUD's definition of chronically homeless (limit 1000 characters).

The CoC has recently finished the "Orange County Ten-Year Plan to End Homelessness." Action steps that will be taken to increase the number of new permanent housing beds include: 1) adopting a Housing First philosophy for homeless individuals with disabling conditions (or conditions that impact their ability to remain housed; 2) Work in partnership with cities and counties to reduce regulatory barriers to affordable housing development; and 3) Design and implement programs using HOME grants, Mental Health Services Act, or other funding sources that can be used for flexible tenant-based rental assistance with flat or tiered rent subsidies and required participation in supportive services for individuals coming out of the homeless system of care.

How many permanent housing beds do you currently have in place for chronically homeless persons? 602

In 12-months, how many permanent housing beds designated for the chronically homeless do you plan to have in place and available for occupancy? 642

In 5-years, how many permanent housing beds designated for the chronically homeless do you plan to have in place and available for occupancy? 842

In 10-years, how many permanent housing beds designated for the chronically homeless do you plan to have in place and available for occupancy? 1,042

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 2: Increase the percentage of participants remaining in CoC funded permanent housing projects for at least six months to 77 percent or more.

Instructions:

Increasing the self-sufficiency and stability of permanent housing program participants is an important outcome measurement of HUD's homeless assistance programs. Each SHP-PH and S+C project is expected to report the percentage of participants remaining in permanent housing for more than six months on its Annual Progress Report (APR). CoCs then use this data from all of its permanent housing projects to report on the overall CoC performance on form 4C. Continuum of Care (CoC) Housing Performance.

On this section, CoCs are to describe short-term and long-term plans for increasing the percentage of participants remaining in all of its CoC funded permanent housing projects (SHP-PH or S+C) to at least 77 percent. In addition, CoCs will indicate the current percentage of participants remaining in these projects, as indicated on form 4C, as well as the expected percentage in 12-months, 5-years, and 10-years. CoCs that do not have any CoC funded permanent housing projects (SHP-PH or S+C) for which an APR was required, should indicate this in both of the narratives below and enter 0 in the first numeric field below.

For additional instructions, refer to the Exhibit 1 Detailed Instructions which can be accessed on the left-hand menu bar.

Describe the CoCs short-term (12-month) plan to increase the percentage of participants remaining in CoC funded permanent housing projects for at least six months to 77 percent or higher (limit 1000 characters).

The CoC has exceeded the threshold of 77% and will exceed its current percentage (83%) of homeless persons remaining in permanent housing for at least six months by: 1) increasing data tracking capacity through surveys and HMIS to assess how long formerly homeless from regional shelters are staying in PH; 2) increasing the percentage of S+C participants staying in PH over 6 months through supportive services provided by County Health Care Agency and nonprofit partners for 100% (entire) duration of clients stay in S+C Housing; 3) monitoring HUD funded TH shelter providers annually to assess compliance with HUD goals related to moving TH clients into permanent housing; and 4) evaluate "reasons for exit" for those families and individuals leaving PH prior to 6 months of stay to determine if particular categories of exit reasons can be avoided.

Describe the CoCs long-term (10-year) plan to increase the percentage of participants remaining in CoC funded permanent housing for at least six months to 77 percent or higher (limit 1000 characters).

CoC will continue to implement the steps noted above. In addition, CoC will continuously identify best practices and present its findings to permanent supportive housing providers in order to help them adopt new, or modify existing, protocols and services in order to increase their retention outcomes.

What is the current percentage of participants remaining in CoC funded permanent housing projects for at least six months? 83

In 12-months, what percentage of participants will have remained in CoC funded permanent housing projects for at least six months? 85

In 5-years, what percentage of participants will have remained in CoC funded permanent housing projects for at least six months? 90

In 10-years, what percentage of participants will have remained in CoC funded permanent housing projects for at least six months? 92

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 3: Increase the percentage of participants in CoC funded transitional housing that move into permanent housing to 65 percent or more.

Instructions:

The ultimate objective of transitional housing is to help homeless families and individuals obtain permanent housing and self-sufficiency. Each SHP-TH project is expected to report the percentage of participants moving to permanent housing on its Annual Progress Report (APR). CoCs then use this data from all of its CoC funded transitional housing projects to report on the overall CoC performance on form 4C. Continuum of Care (CoC) Housing Performance.

On this section, CoCs are to describe short-term and long-term plans for increasing the percentage of transitional housing participants moving from its SHP-TH projects into permanent housing to at least 65 percent. In addition, CoCs will indicate the current percentage of SHP-TH project participants moving into permanent housing as indicated on form 4C, as well as the expected percentage in 12-months, 5-years, and 10-years. CoCs that do not have any CoC funded transitional housing projects (SHP-TH) for which an APR was required, should indicate this in both of the narratives below and enter 0 in the first numeric field below.

For additional instructions, refer to the Exhibit 1 Detailed Instructions which can be accessed on the left-hand menu bar.

Describe the CoCs short-term (12-month) plan to increase the percentage of participants in CoC funded transitional housing projects that move to permanent housing to 65 percent or more (limit 1000 characters).

The CoC will exceed its current percentage (62%) of homeless persons moving from transitional housing to permanent housing by: 1) conducting an annual review and analysis of HUD APRs which will assess trends in transitioning homeless persons from transitional to permanent housing; 2) developing linkages between TH providers and affordable housing developers to build partnerships to transition homeless from transitional housing to permanent housing; and 3) requiring transitional housing providers receiving Urban County CDBG funding to participate in HMIS tracking of graduates.

Describe the CoCs long-term (10-year) plan to increase the percentage of participants in CoC funded transitional housing projects that move to permanent housing to 65 percent or more (limit 1000 characters).

CoC will continue to implement the steps noted above. The CoC will also meet with low-performing agencies in order to identify causes for low placement rates. CoC will also meet with high-performing agencies in order to identify reasons for higher placement rates. CoC will share high-performing agency findings with lower performing agencies in order to help them improve placement outcomes for clients.

What is the current percentage of participants in CoC funded transitional housing projects will have moved to permanent housing? 62

In 12-months, what percentage of participants in CoC funded transitional housing projects will have moved to permanent housing? 68

In 5-years, what percentage of participants in CoC funded transitional housing projects will have moved to permanent housing? 75

In 10-years, what percentage of participants in CoC funded transitional housing projects will have moved to permanent housing? 80

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 4: Increase percentage of participants in all CoC funded projects that are employed at program exit to 20 percent or more.

Instructions:

Employment is a critical step for homeless persons to achieve greater self-sufficiency, which represents an important outcome that is reflected both in participants' lives and the health of the community. Each CoC funded project (excluding HMIS dedicated projects only) is expected to report the percentage of participants employed at exit on its Annual Progress Report (APR). CoCs then use this data from all of its non-HMIS projects to report on the overall CoC performance on form 4D. Continuum of Care (CoC) Enrollment in Mainstream Programs and Employment Information.

On this section, CoCs are to describe short-term and long-term plans for increasing the percentage of all CoC funded program participants that are employed at exit to at least 20 percent. In addition, CoCs will indicate the current percentage of project participants that are employed at exit, as reported on 4D, as well as the expected percentage in 12-months, 5-years, and 10-years. CoCs that do not have any CoC funded non-HMIS projects (SHP-PH, SHP-TH, SHP-SH, SHP-SSO, or S+C TRA/SRA/PRA/SRO) which an APR was required, should indicate this in both of the narratives below and enter 0 in the first numeric field below.

For additional instructions, refer to the Exhibit 1 Detailed Instructions which can be accessed on the left-hand menu bar.

Describe the CoCs short-term (12-month) plan to increase the percentage of participants in all CoC funded projects that are employed at program exit to 20 percent or more (limit 1000 characters).

CoC has surpassed the threshold of 20% and will maintain or exceed its current percentage (51%) of persons employed at program exit by: 1) surveying existing employment and income linkages available to homeless and link CoC and non CoC shelter providers to existing services by supporting the development of collaboratives and partnerships (Local one-stops, social service programs, WIA, etc.); 2) using Mental Health Services Act (MHSA) funds develop Workforce Education Act training programs for seriously mentally ill homeless; and 3) increasing the total number of homeless persons served at One-Stop Employment Centers by 5% through enhanced outreach and collaboration with partner agencies to successfully integrate population back into the labor force.

Describe the CoCs long-term (10-year) plan to increase the percentage of participants in all CoC funded projects that are employed at program exit to 20 percent or more (limit 1000 characters).

CoC will review the APR employment outcomes on a quarterly basis. CoC will meet with low-performing agencies in order to identify causes for low employment rates. CoC will also meet with high-performing agencies in order to identify reasons for higher employment rates. CoC will share high-performing agency findings with lower performing agencies in order to help them improve employment outcomes for clients.

- What is the current percentage of participants in all CoC funded projects that are employed at program exit?** 51
- In 12-months, what percentage of participants in all CoC funded projects will be employed at program exit?** 52
- In 5-years, what percentage of participants in all CoC funded projects will be employed at program exit?** 60
- In 10-years, what percentage of participants in all CoC funded projects will be employed at program exit?** 62

3A. Continuum of Care (CoC) Strategic Planning Objectives

Objective 5: Decrease the number of homeless households with children.

Instructions:

Ending homelessness among households with children, particularly for those households living on the streets or other places not meant for human habitation, is an important HUD priority. CoCs can accomplish this goal by creating new beds and/or providing additional supportive services for this population.

On this section, CoCs are to describe short-term and long-term plans for decreasing the number of homeless households with children, particularly those households that are living on the streets or other places not meant for human habitation. In addition, CoCs will indicate the current total number of households with children that was reported on their most recent point-in-time count. CoCs will also enter the total number of homeless households with children that they expect to be able to report in 12-months, 5-years, and 10-years.

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

Describe the CoCs short-term (12-month) plan to decrease the number of homeless households with children. (limit 1000 characters)

The CoC will continue to work with community partners to fund the Redirection Program to intercept homeless households with children from the streets and divert them away from shelter to more appropriate permanent housing with supportive services. The CoC will also leverage HPRP funding to create a safety net to prevent families from becoming homeless and rapidly rehouse those that fall into homelessness.

Describe the CoCs long-term (10-year) plan to decrease the number of homeless households with children. (limit 1000 characters)

The CoC has recently finished the "Orange County Ten-Year Plan to End Homelessness." Action steps that will be taken to decrease the number of homeless households with children include: providing prevention assistance such as anti-eviction services, rental and utility supports, credit counseling, debt management, tangible goods, emergency assistance, employment services, conflict resolution, and relationship building through regional access centers; Improving coordination among the various public assistance programs so that at-risk individuals and families can more effectively and efficiently access resources; and establishing a pool of flexible funding that can be used for [whatever it takes](#) assistance for those who are at-risk of losing their current housing.

What is the current total number of homeless households with children, as reported on the most recent point-in-time count? 481

In 12-months, what will be the total number of homeless households with children? 351

In 5-years, what will be the total number of homeless households with children? 250

In 10-years, what will be the total number of homeless households with children? 150

3B. Continuum of Care (CoC) Discharge Planning

Instructions:

The McKinney-Vento Act requires that State and local governments have policies and protocols in place to ensure that persons being discharged from a publicly- funded institution or system of care are not discharged immediately into homelessness. To the maximum extent practicable, Continuums of Care should demonstrate how they are coordinating with and/or assisting in State or local discharge planning efforts to ensure that discharged persons are not released directly onto the streets, homeless shelters, or into other McKinney-Vento homeless assistance programs (SHP, S+C, or SRO). For each system of care, CoCs are to address the following:

What: Describe the efforts that the CoC has taken to ensure that persons are not routinely discharged into homelessness. For foster care, CoCs should be specifically addressing the discharge of youth aging out of foster care. If there is a State mandate that requires publicly funded institutions to ensure appropriate housing placement, which does not include homelessness, please indicate this in the applicable narrative.

Where: Indicate where persons routinely go upon discharge. Response should identify alternative housing options that are available for discharged persons other than the streets, shelters, and/or McKinney-Vento homeless assistance programs.

Who: Identify stakeholders and/or collaborating agencies that are responsible for ensuring that persons being discharged from a system of care are not routinely discharged into homelessness.

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

For each system of care identified below, describe the CoC's efforts in coordinating with and/or assisting in the development of local discharge planning policies that ensure persons are not routinely discharged into homelessness, including the streets, shelters, or other McKinney-Vento homeless assistance housing programs. Please review all instructions to ensure that each narrative is fully responsive. (limit 1500 characters)

Foster Care (Youth Aging Out):

Orange County Social Services Agency (SSA) has worked with public and private stakeholders to develop a plan to address the issue of emancipated youth. The goal of the discharge plan is to ensure youth are identified prior to emancipation and then linked to appropriate supportive services and permanent housing options. Orange County has been approved for an equivalent total of 80 State funded beds under the Transitional Housing Program-Plus (THP-PLUS) for emancipated youth aged 18-24 during Fiscal Year 10/11. Twenty-five THP-Plus beds in the Host Family component of THP-Plus are currently filled as are forty-one THP-Plus beds in the Scattered-site Apartment component, and 14 beds in the Tustin Family Campus. Assembly Bill 12 will make extensive changes in the availability of THP-Plus Beds beginning January 1, 2012.

An eligibility list for each of the three components of the THP-Plus beds is in place to be able to fill any vacancies that occur with changes in life circumstances of the former foster youth participants, or as they age out of the program parameters.

This resource, along with the community-based emancipated foster youth beds and those available to the Guardian Scholar youth, will make a major impact on the number of homeless emancipated foster youth. As permanent housing is being pursued, emancipated youth with limited academic and employment skills need support due to the high cost of housing in Orange County.

Health Care:

The Hospital Association of Southern California (HASC) and the OC-CoC continue efforts to ensure that patients who are homeless have a clean, safe place to continue their recovery when they no longer need acute care. In January 2010, HASC, its member hospitals, and the National Health Foundation (NHF), launched the OC Recuperative Care Program with the Illumination Foundation (IF) as the program's shelter provider. The centralized model provides hospitals with a single point of contact for referring patients and is managed by NHF. While in the recuperative care program, clients receive basic medical oversight through certified nursing assistants. IF's case managers also assist clients in finding permanent medical homes, connecting them to permanent housing using County HPRP funding, and providing other services leading to self-sufficiency. This program facilitated the development of discharge planning protocols for participating hospitals and most hospitals in OC have agreed to participate by referring patients into the program and by initially paying daily per diems for the agreed-upon recuperative care period. Longer term, HASC is working with the Continuum of Care and County officials to explore funding for the transitional housing needs of patients no longer needing hospitalization.

Mental Health:

Orange Countys regional mental health discharge planning protocol was devised by the Orange County Health Care Agency (OC-HCA). This policy requires that patients who have received psychiatric treatment authorized by OC-HCA, and that are slated for release from general acute care hospitals or acute psychiatric hospitals, be provided a written aftercare/discharge plan prior to their release. This plan identifies housing options (i.e., moving back to the family home, independent living, licensed residential care facilities, skilled nursing facilities, or shelters for the homeless) and support services resources. In turn, each contracted inpatient psychiatric facility in Orange County is assigned a liaison from the OC-HCA Adult Mental Health clinics to assist with coordinating patient treatment after discharge. In collaboration with the entire CoC, OC-HCA has also implemented the new Prop 63 Full Service Partnership Program. This program has created 16 new outreach options for the homeless to access services starting at the street outreach level and continuing until the individual and/or family is well established in permanent supportive housing. The Discharge Planning Protocol provides a list of agencies that participated in the Prop 63 planning process. However, the entire CoC shelter community has benefited from the implementation of Prop 63, utilizing services as a means of ensuring that their clients are appropriately housed and adequately served.

Corrections:

In 2007, an interagency team called the Orange County Reentry Partnership was formed that is addressing and creating new strategies and actions for long term housing and re-integration of inmates from local jails and state prisons. The team meets monthly with over 60 agencies participating in the planning effort. Agencies include Probation, State Corrections and Rehabilitation, OC Sheriff's Department, OC Community Services, OC Health Care Agency, OC Social Services Agency, St. Vincent de Paul, and several nonprofits and faith-based groups. Upon discharge, inmates have been able to obtain permanent housing in such places as group homes and sober living homes as well as living with family members and friends.

3C. Continuum of Care (CoC) Coordination

Instructions:

A CoC should regularly assess its local homeless assistance system and identify shortcomings and unmet needs. One way in which a CoC can improve itself is through long-term strategic planning. CoCs are encouraged to establish specific goals and then implement short-term action steps. Because of the complexity of existing homeless systems and the need to coordinate multiple funding sources and priorities, there are often multiple long-term strategic planning groups. It is imperative for CoCs to coordinate, as appropriate, with each of these existing strategic planning groups to meet local needs.

For additional instructions, refer to the [Exhibit 1 Detailed Instructions](#) which can be accessed on the left-hand menu bar.

Does the Consolidated Plan for the jurisdiction(s) that make up the CoC include the CoC strategic plan goals for addressing homelessness? Yes

If yes, list the goals in the CoC strategic plan that are included in the Consolidated Plan: Goals include 1) addressing needs for homeless persons and families by identifying and filling gaps and eliminating barriers related to securing emergency, transitional and permanent supportive housing, and permanent affordable housing and supportive services that break the cycle of homelessness and increase self-sufficiency and stability. 2) increasing and preserving shelter and supportive services for at risk and homeless residents of Orange County including, but not limited to, victims of domestic violence and their children, the mentally ill and dually diagnosed, veterans, older adults, and other at-risk or homeless sub-populations in Orange County; 3) providing homeless prevention services to households at-risk of becoming homeless.

Describe how the CoC is participating in or coordinating with the local Homeless Prevention and Rapid re-housing Program (HPRP) initiative, as indicated in the substantial amendment to the Consolidated Plan 2009 Action Plan (1500 character limit):

At the forefront of this regional planning process is the Continuum of Care Leadership Cabinet and the Community Forum Collaborative which were created to address homeless issues on a comprehensive regional basis. Key to this purpose is the identification of the resources available throughout the region that can be used to address and reduce homelessness. To this end, they provide leadership and direction for the regional planning process and the marshalling of mainstream resources. Because of the Community Forum's inclusive membership and the Leadership Cabinet's unique make up (comprised of representatives from the H&CD Commission, nonprofit service/shelter providers, and the County's Homeless Prevention Coordinator) they are really suited to work in partnership with the County/Cities to utilize HPRP resources in the most effective/efficient manner on a regional basis. The County helped initiate efforts to encourage other HPRP recipients to use/distribute funds in a regionally coordinated manner in order to increase the impact of resources among those in most need. The Regional Coordinating Committee was developed to collaborate with 10 jurisdictions in Orange County receiving HPRP funds.

Describe how the CoC is participating in or coordinating with any of the following: Neighborhood Stabilization Program (NSP) initiative, HUD VASH, or other HUD managed American Reinvestment and Recovery Act programs (2500 character limit)?

The CoC is coordinating with OC Community Services (OCCS) concerning the NSP by 1) referring households to OCCS whose income does not exceed 50 percent of AMI for potential affordable housing (at least 25% of funds will be used for housing individuals and families whose incomes do not exceed 50 percent of area median income) and 2) accepting clients referred by OCCS who are at risk of losing their housing and not able to benefit from NSP. Funds targeting households at or below 50% AMI will provide an opportunity for CoC and participating cities to collaborate with OCCS to provide permanent supportive housing for homeless and/or special needs clients through purchase of foreclosed homes for use as rental properties. The CoC is also working with the Orange County Housing Authority to coordinate referrals for HUD VASH.

Indicate if the CoC has established policies that require homeless assistance providers to ensure all children are enrolled in school and connected to appropriate services within the community? Yes

If yes, please describe the established policies that are in currently in place. CoC established policies requires school districts to ensure homeless students have access to education and other services they need to meet the same high academic achievement standards as all students. All local school districts must designate a Homeless Liaison. The Homeless Liaisons must ensure that: Homeless children and youth are identified Homeless students enroll in, and have full and equal opportunity to succeed in, the school districts Homeless families, children, and youth receive educational services.

Describe the CoC's efforts to collaborate with local education agencies to assist in the identification of homeless families and inform them of their eligibility for McKinney-Vento education services. (limit 1500 characters)

The CoC's efforts to collaborate with local education agencies (LEAs) has happened through the HOPES Collaborative - Homeless Outreach Promoting Educational Success. HOPES is a partnership between the County Department of Education and the County Homeless Coordinator, 28 school districts, community-based organizations, law enforcement, and housing providers. Hopes works to remove enrollment barriers, increase school attendance, and improve the academic success of homeless children. HOPES fosters collaboration by providing coordination, technical support, and professional development opportunities for school districts through Homeless Liaisons. Regular Homeless Liaisons Network meetings provide information and resources.

HOPES is implementing several ways to assist in the identification of homeless families which includes keeping an updated list of low-cost hotels and motels and trailer parks so that school registrars can recognize addresses that may indicate homelessness; examining transportation logs to find doubled-up families; helping teachers learn to listen for statements that may indicate that a child is living in a homeless situation and look for changes in behavior associated with homelessness. HOPES is also informing homeless families of eligibility for McKinney-Vento education services which includes making sure that families are aware of educational rights through regular school mailings and handouts at the beginning of the school year.

Describe how the CoC has, and will continue, to consider the educational needs of children when families are placed in emergency or transitional shelter. (limit 1500 characters)

The CoC will continue to consider the educational needs of children when families are placed in emergency or transitional shelter by closely working with liaisons from local educational agencies (LEAs) to ensure that children have a full and equal opportunity to succeed in school. To help ensure success, LEAs with the support of the CoC will continue to disseminate a public notice of the educational rights of homeless children within the provisions of the McKinney-Vento Act to all CoC shelter operators.

LEAs and shelter staff will also continue to work together to inform the parents or guardians of homeless children of the educational rights, opportunities, and services available to their children. They will also be informed of the resources available to overcome barriers to education such as lack of transportation, delays in obtaining previous school records, lack of access to health services to meet immunization requirements, and lack of funds for school dress codes and school supplies.

LEAs and shelter staff will also work together to encourage the parents or guardians to work with them to help overcome any barriers to education. Such cooperation may include helping children complete their homework assignments, receive tutoring when necessary, obtaining referrals and keeping appointments for medical, optical, and other health care services.

Describe the CoC's current efforts to combat homelessness among veterans. Narrative should identify organizations that are currently serving this population, how this effort is consistent with CoC strategic plan goals, and how the CoC plans to address this issue in the future.(limit 1500 characters)

Organizations serving vets exclusively include the OC Veterans Service Office and Veterans First-Santa Ana. In addition, there are several CoC service members who serve vets among other subpopulations.

CoCs current efforts toward combating homelessness among vets are consistent with its strategic plan goals that include PSH. Veterans First provides a 28-bed PSH program exclusively for vets. Other CoC PSH providers serve vets among other residents. The CoC wants to increase the percentage of vets moving from TH to PH. Veterans First has five TH programs with 60 beds that includes services to help residents move into PH. Other CoC TH providers serve vets among other residents.

CoC members are committed to increasing the percentage of vets that are employed at program exit. Members are committed to helping both employable and unemployable vets receive mainstream resources. The OC Veterans Service Office provides free benefit claims counseling and referrals to vets. Veteran's First provide case management, substance abuse and mental health counseling, and job assessment and training.

CoC plans to address this issue in the future include administering 150 VASH certificates and providing HPRP homeless prevention and rapid-rehousing assistance to vets. The Vet Connect Project will co-locate services that will include mental health, healthcare, housing, and employment services in order to help vets maximize resources to obtain and/or maintain housing.

3D. Hold Harmless Need (HHN) Reallocation

Instructions:

Continuum of Care (CoC) Hold Harmless Need (HHN) Reallocation is a process whereby an eligible CoC may reallocate funds in whole or in part from SHP renewal projects to create one or more new permanent housing projects and/or a new dedicated HMIS project. A CoC is eligible to use the HHN Reallocation process if it's Final Pro Rata Need (FPRN) is based on it's HHN amount or if it is a newly approved merged CoC that used the Hold Harmless Merger process during the 2010 CoC Registration process.

The HHN Reallocation process allows eligible CoCs to fund new permanent housing or dedicated HMIS projects by transferring all or part of funds from existing SHP grants that are eligible for renewal in 2010 into a new project. New reallocated permanent housing projects may be for SHP (one, two, or three years), S+C (five or ten years), and Section 8 Moderate Rehabilitation (ten years). New reallocated HMIS projects may be for one, two or three years.

A CoC whose FPRN is based on its Preliminary Pro Rata Need (PPRN) is not eligible to reallocate existing projects through this process and should therefore always select "No" to the questions below.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

Does the CoC want to reallocate funds from one or more expiring SHP grant(s) into one or more new permanent housing or dedicated HMIS project(s)? No

Is the CoCs Final Pro Rata Need (FPRN) based on either its Hold Harmless Need (HHN) amount or the Hold Harmless Merger process? No

CoCs who are in PPRN status are not eligible to reallocate projects through the HHN reallocation process.

4A. Continuum of Care (CoC) 2009 Achievements

Instructions:

In 2009, CoCs were asked to propose numeric achievements for each of HUD's five national objectives related to ending chronic homelessness and moving families and individuals to permanent housing. In 2010, CoCs will report on their actual accomplishments versus what was proposed in the previous application.

In the column labeled '2009 Proposed Numeric Achievement', enter the number of beds, percentage, or number of households that was entered in the 2009 application for the applicable objective. In the column labeled 'Actual Numeric Achievement', enter the actual number of beds/percentage/number of households that the CoC has reached to date for each objective.

CoCs will also indicate whether or not they submitted an Exhibit 1 in 2009. If a CoC did not submit an Exhibit 1 in 2009, they should enter 'No' to the question below. Finally, CoCs that did not fully meet the proposed numeric achievement for any of the objectives should indicate the reason in the space provided below.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

Objective	2009 Proposed Numeric Achievement:		Actual Numeric Achievement	
Create new permanent housing beds for the chronically homeless.	40	Beds	41	Beds
Increase the percentage of homeless persons staying in permanent housing over 6 months to at least 77%.	85	%	83	%
Increase the percentage of homeless persons moving from transitional housing to permanent housing to at least 65%.	77	%	62	%
Increase percentage of homeless persons employed at exit to at least 20%	54	%	51	%
Decrease the number of homeless households with children.	431	Households	371	Households

Did CoC submit an Exhibit 1 application in 2009? Yes

If the CoC was unable to reach its 2009 proposed numeric achievement for any of the national objectives, provide a detailed explanation.

The CoC did not exceed last year's proposed numeric achievement of 85%. This is primarily because a couple of agencies were low performing. The CoC is working with these agencies to improve their retention rates by evaluating "reasons for exit" for those families and individuals leaving PH prior to 6 months of stay to determine if particular categories of exit reasons can be avoided.

The CoC did not exceed last year's proposed numeric achievement of 77%. This is primarily because a couple of agencies were low performing. The CoC is working with these agencies to improve their retention rates and also developing linkages between TH providers and PH providers to build partnerships to transition homeless from TH to PH. Also, the economic downturn noted below has made it more difficult for households to transition to PH.

The CoC did exceed last year's national average and last year's CoC percentage of persons employed at exit. Last year the percentage was 50% and this year it was 51%. The CoC believes that it was unable to achieve a percentage of 55 because of the economic downturn and the increase in the number of people who were unemployed. Thus, job seekers who are homeless are competing with an increasing number of higher qualified job seekers for entry level positions.

4B. Continuum of Care (CoC) Chronic Homeless Progress

Instructions:

HUD must track each CoCs progress toward ending chronic homelessness. In the 2010 NOFA, a chronically homeless person is defined as an unaccompanied homeless individual with a disabling condition or a family with at least one adult member who has a disabling condition who has either been continuously homeless for at least a year OR has had at least four episodes of homelessness in the past three (3) years.

This section asks each CoC to track changes year to year in the number of chronically homeless persons as well the number of beds available for this population. CoCs will complete this section using data reported for the 2008, 2009, and 2010 (if applicable) Point-In-Time counts as well as data collected and reported on for the Housing Inventory Counts (HIC) for those same years. For each year, indicate the total unduplicated point-in-time count of the chronically homeless as reported in that year. For 2008 and 2009, this number should match the number indicated on form 2J of the respective year’s Exhibit 1. For 2010, this number should match the number entered on the Homeless Data Exchange (HDX).

Next, enter the total number permanent housing beds that were designated for the chronically homeless in 2008 and 2009, as well as the number of beds that are currently in place. For 2010, this number of beds should match the number of beds reported in the 2010 HIC and entered onto the Homeless Data Exchange (HDX). CoCs should include beds designated for this population from all funding sources.

For additional instructions, refer to the ‘Exhibit 1 Detailed Instructions’ which can be accessed on the left-hand menu bar.

Indicate the total number of chronically homeless persons and total number of permanent housing beds designated for the chronically homeless persons in the CoC for 2008, 2009, and 2010.

Year	Number of CH Persons	Number of PH beds for the CH
2008	257	620
2009	3,783	561
2010	3,783	602

Indicate the number of new permanent housing beds in place and made available for occupancy for the chronically homeless between February 1, 2009 and January 31, 2010. 41

Identify the amount of funds from each funding source for the development and operations costs of the new permanent housing beds designated for the chronically homeless, that were created between February 1, 2009 and January 31, 2010.

Cost Type	HUD McKinney-Vento	Other Federal	State	Local	Private
Development					
Operations	\$3,027,372	\$283,245		\$3,027,372	
Total	\$3,027,372	\$283,245	\$0	\$3,027,372	\$0

If the number of chronically homeless persons increased or if the number of permanent beds designated for the chronically homeless decreased, please explain (limit 750 characters):

4C. Continuum of Care (CoC) Housing Performance

Instructions:

All CoC funded non-HMIS projects are required to submit an Annual Progress Report (APR) within 90 days of a given operating year. To demonstrate performance on participants remaining in permanent housing for more than six months, CoCs must use data on all permanent housing projects that should have submitted an APR for the most recent operating year. Projects that did not submit an APR on time must also be included in this calculation.

Complete the table below using data entered for Question 12(a) and 12(b) for the most recently submitted APR for all permanent housing projects (SHP-PH or S+C TRA/SRA/SRO/PRA) within the CoC that should have submitted one. Enter totals in field's a-e. The 'Total PH %' will be auto-calculated after selecting 'Save.' Please note, the percentage is calculated as c. +d. divided by a. +b. multiplied by 100. The last field (e.) is excluded from the calculation.

CoCs that do not have any SHP-PH or S+C projects for which an APR was required should select 'No' to the question below. This only applies to CoCs that do not have any CoC funded permanent housing projects currently operating within their CoC that should have submitted an APR.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

Does the CoC have any permanent housing projects (SHP-PH or S+C) for which an APR was required to be submitted? Yes

Participants in Permanent Housing (PH)	
a. Number of participants who exited permanent housing project(s)	107
b. Number of participants who did not leave the project(s)	586
c. Number of participants who exited after staying 6 months or longer	97
d. Number of participants who did not exit after staying 6 months or longer	480
e. Number of participants who did not exit and were enrolled for less than 6 months	106
TOTAL PH (%)	83

Instructions:

HUD will also assess CoC performance in moving participants in SHP transitional housing programs into permanent housing. To demonstrate performance, CoCs must use data on all transitional housing projects that should have submitted an APR for the most recent operating year. Projects that did not submit an APR on time must also be included in this calculation.

Complete the table below using cumulative data entered for Question 14 on the most recently submitted APR for all transitional housing projects (SHP-TH) within the CoC that should have submitted one. Once amounts have been entered into a & b, select 'Save.' The 'Total TH %' will be auto-calculated. Please note, the percentage is calculated as b. divided by a., multiplied by 100. CoCs that do not have any SHP-TH projects for which an APR was required should select 'No' to the question below. This only applies to CoCs that do not have any CoC funded transitional housing projects currently operating within their CoC that should have submitted an APR.

For additional instructions, refer to the 'Exhibit 1 Detailed Instructions' which can be accessed on the left-hand menu bar.

Does CoC have any transitional housing projects (SHP-TH) for which an APR was required to be submitted? Yes

Participants in Transitional Housing (TH)	
a. Number of participants who exited TH project(s), including unknown destination	427
b. Number of SHP transitional housing participants that moved to permanent housing upon exit	266
TOTAL TH (%)	62

4D. Continuum of Care (CoC) Enrollment in Mainstream Programs and Employment Information

Instructions:

HUD will assess CoC performance in assisting program participants with accessing mainstream services to increase income and improve outcomes such as health, education, safety, and/or economic outcomes of homeless persons. To demonstrate performance, CoCs must use data on all non-HMIS projects (SHP-PH, SHP-TH, SHP-SH, SHP-SSO, S+C TRA/SRA/PRA/SRO) that should have submitted an APR for the most recent operating year. Projects that did not submit an APR on time must also be included in this calculation.

Complete the table below using cumulative data entered for Question 11 on the most recently submitted APR for all non-HMIS projects within the CoC that should have submitted one. Each CoC shall first indicate the total number of exiting adults. Next, enter the total number of adults that exited CoC non-HMIS project with each source of income. Once amounts have been entered, select *Save* and the percentages will be auto-calculated. CoCs that do not have any non-HMIS projects for which an APR was required should select *No* to the question below. This only applies to CoCs that do not have any CoC funded non-HMIS projects currently operating within their CoC that should have submitted an APR.

For additional instructions, refer to the *Exhibit 1 Detailed Instructions* which can be accessed on the left-hand menu bar.

Total Number of Exiting Adults: 1,024

Mainstream Program	Number of Exiting Adults	Exit Percentage (Auto-calculated)	
SSI	85	8	%
SSDI	29	3	%
Social Security	40	4	%
General Public Assistance	77	8	%
TANF	212	21	%
SCHIP	4	0	%
Veterans Benefits	29	3	%
Employment Income	524	51	%
Unemployment Benefits	23	2	%
Veterans Health Care	23	2	%
Medicaid	250	24	%
Food Stamps	223	22	%
Other (Please specify below)	72	7	%
Child Support, Agency Subsidized Housing, Disability, Retirement Veteran's Pension, Motel			
No Financial Resources	153	15	%

The percentage values will be calculated by the system when you click the "save" button.

Does the CoC have any non-HMIS projects for which an APR was required to be submitted? Yes

4E. Continuum of Care (CoC) Participation in Energy Star and Section 3 Employment Policy

Instructions:

HUD promotes energy-efficient housing. All McKinney-Vento funded projects are encouraged to purchase and use Energy Star labeled products. For information on Energy Star initiative go to: <http://www.energystar.gov>

A "Section 3 business concern" is one in which: 51% or more of the owners are section 3 residents of the area of service; or at least 30% of its permanent full-time employees are currently section 3 residents of the area of service, or within three years of their date of hire with the business concern were section 3 residents; or evidence of a commitment to subcontract greater than 25% of the dollar award of all subcontracts to businesses that meet the qualifications in the above categories is provided. The "Section 3 clause" can be found at 24 CFR Part 135.

Has the CoC notified its members of the Energy Star Initiative? Yes

Are any projects within the CoC requesting funds for housing rehabilitation or new construction? Yes

4E. Section 3 Employment Policy Detail

Is the project requesting \$200,000 or more?: Yes

If Yes to above question, click save to provide activities

**Which activities will the project undertake to ensure that employment and other economic opportunities are directed to low and very low income persons?
(Select all that apply)**

Advertise at social service agencies, employment/training/community centers, local newspapers, shopping centers, radio, Establish a preference policy for Section 3 for competitive contracts >\$100,000, Preference policy for hiring low and very low income persons residing in the service area

4F. Continuum of Care (CoC) Enrollment and Participation in Mainstream Programs

It is fundamental that each CoC systematically help homeless persons to identify, apply for, and follow-up to receive benefits under SSI, SSDI, TANF, Medicaid, Food Stamps, SCHIP, WIA, and Veterans Health Care as well as any other State or Local program that may be applicable.

Does the CoC systematically analyze its projects APRs in order to improve access to mainstream programs? Yes

If 'Yes', describe the process and the frequency that it occurs.

Orange County CoC Leadership Cabinet and County Homeless Prevention Staff analyze APR data on an annual basis as part of the Continuum of Care or when notified by HUD that a program is having problems.

Does the CoC have an active planning committee that meets at least 3 times per year to improve CoC-wide participation in mainstream programs? Yes

If "Yes", indicate all meeting dates in the past 12 months.

The Homeless Shelter Provider Forum (HPF) meets once a month to share information and to network in order to build a strong collaborative system of care. Representatives from mainstream resources attend the meetings and conduct trainings that educate providers about linking clients to mainstream resources. Meeting dates in the last 12 months are as follows: November 19, 2009; January 7, 2010; February 4, 2010; April 1, 2010; April 8, 2010, May 6, 2010; June 2, 2010; July 1, 2010; and, October 7, 2010.

Does the CoC coordinate with the State Interagency Council on Homelessness to reduce or remove barriers to accessing mainstream services? Yes

Does the CoC and/or its providers have specialized staff whose primary responsibility is to identify, enroll, and follow-up with homeless persons on participation in mainstream programs? Yes

If yes, identify these staff members Provider Staff

Does the CoC systematically provide training on how to identify eligibility and program changes for mainstream programs to provider staff. Yes

If "Yes", specify the frequency of the training. Monthly or more

Does the CoC use HMIS as a way to screen for mainstream benefit eligibility? No

If "Yes", indicate for which mainstream programs HMIS completes screening.

Has the CoC participated in SOAR training? No

If "Yes", indicate training date(s).

4G: Homeless Assistance Providers Enrollment and Participation in Mainstream Programs

Indicate the percentage of homeless assistance providers that are implementing the following activities:

Activity	Percentage
<p>1. Case managers systematically assist clients in completing applications for mainstream benefits. 1a. Describe how service is generally provided:</p> <p>Case managers are employed by the nonprofit service providers. Case managers conduct an initial intake to assess the client's need for mainstream resources and determine whether the client may be eligible to receive the services. Then, the case managers work to link the client to the appropriate resource.</p>	100%
<p>2. Homeless assistance providers supply transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs.</p>	80%
<p>3. Homeless assistance providers use a single application form for four or more mainstream programs: 3.a Indicate for which mainstream programs the form applies:</p> <p>The form applies to the following mainstream programs: food stamps, General Relief, CalWorks, and Medi-Cal.</p>	10%
<p>4. Homeless assistance providers have staff systematically follow-up to ensure mainstream benefits are received.</p> <p>4a. Describe the follow-up process:</p> <p>McKinney Vento funded homeless providers contact clients for up to 6 months post departure from programs through email, mail, and telephone. If the client needs services, they are referred to the appropriate agency or personally assisted by the case manager.</p>	100%

Continuum of Care (CoC) Project Listing

Instructions:

IMPORTANT: Prior to starting on the CoC Project Listing, CoCs should carefully review the CoC Project Listing Instructions and the CoC Project Listing training module, both of which are available at www.hudhre.info/esnaps.

To upload all Exhibit 2 applications that have been submitted to this CoC, click on the "Update List" button. This process will take longer based upon the number of projects that need to be located. The CoC can either work on other parts of Exhibit 1 or it can log out of e-snaps and come back later to view the updated list. To review a project, click on the next to each project to view project details.
